I have just worked out that Adelia has
been massaging and treating my body since
our boys were in the infants at Hyde Park
some 17 years ago!

I have not gone anywhere else as "She is Simply
the best."

Thankyou + Much love for keeping
me sane

Have been coming to Adelia since I was 17
and I am now 21 and I have never been
dissatisfied. I have a scar on my eyebrow
and have them threaded with adelia which
I am always pleased with and get
compliments on. Adelia also introduced me
to Environ products which I have been
loving and seen an improvement in my skin

I always feel so comfortable
with Emma, she's amazing.
Even though I'm uncomfortable
with my body it's never an
issue with her

oops wrong back

No problem, I shall
be coming in
working.

I have known Aunty Ade my whole life, for my wedding she is the only person I trusted to do my make-up! She did an amazing job & everyone who has seen our photos have commented.

She is very professional and also very calming, which is important on your wedding day.

I have been coming to Adelia for over 12 months; I love the shape of my eyebrows from threading and have never been able to find anyone who is as precise as Adelia. I would never go to anyone else. She is always so friendly and accommodating why would I want to!!

and her husband.

We were searching for a good place in Plymouth to have a massage and came across this place. Not only did Adelia make us feel very welcomed with drinks (headache tablets for my head) but she fitted my boyfriend in at last minute and went out of her way. Very impressed. Will recommend, and will definitely be coming back.
